

SUBJECT: Authorized Food Service Uniform

1. Food Flasher Message 071335Z OCT 02.
2. The purpose of this message is to reiterate the authorized uniform for food service personnel. According to AR 670-1 Chapter 9 and Chapter 10, the authorized uniform for year round wear for all enlisted soldiers in career management field 92G is the Army utility uniform. No part of the US Army food service uniform (cook) will be altered, in any way, which will change the basic design and appearance of this uniform, unless specifically outlined in AR 670-1.
3. It is imperative that the Installation Food Program Manager / Food Service Technician inform all food service personnel in their command of the policy to ensure compliance with AR 670-1. Units that have been tasked to test the proposed chef uniform will receive more guidance from Fort Lee CSPD.
4. The Department of the Army Uniform Board (AUB) has not approved the proposed chef uniform for authorized wear in place of the Army utility uniform (SMOCK).
5. Point of contact at the Army Center of Excellence, Subsistence (ACES) is CPT Brad Hinson, CSPD. Comm. (804)734-4858 or DSN 687-4858, email hinsonj@lee.army.mil.
6. This message is Food Flasher 071335Z OCT 02.
